**August 27, 2025**

On August 08, 2025, Otter Tail Power Company (“Otter Tail”) and Montana-Dakota Utilities Co. (“Montana-Dakota”) (collectively, “Applicants”) jointly filed a Consolidated Application for a Certificate of Corridor Compatibility and Route Permit (the “Siting Application”). Docket No. 1. The Siting Application includes a redacted summary of a meeting held with Sisseton-Wahpeton Oyate dated June 27, 2023 in Appendix E and a redacted Appendix I, Class I and Class III Cultural Inventory Volumes 1 and 2 (collectively, the “Public Report”). The unredacted Appendix E meeting summary and Appendix I reports contain confidential information identifying the location of cultural, archaeological, historical, or paleontological sites.

Pursuant to N.D. Admin. Code § 69-02-09-01, Applicants submit this application to protect certain confidential information filed in this matter from disclosure. Specifically, this application seeks protection of the location of cultural resources under N.D.C.C. § 49-22-26, which provides that the Commission “may limit access to, and release of, information that contains data that specifically identifies the location of cultural, archaeological, historical, or paleontological sites.” Therefore, Applicants request that protection be given to the redacted portions of the cultural resource location information contained in the Public Report.

Applicants are providing an unredacted, nonpublic version of the Appendix E June 27, 2023 meeting summary referenced above and the Appendix I, Class I and Class III Volumes 1 and 2 Cultural Inventory with this application.
