**RE: REVISED Application For Permanent Authority to Provide Service
Residence – Almont, ND
Public Convenience & Necessity
Case No. PU-25-244**

Dear Mr. Kahl:

Montana-Dakota Utilities Co. (Montana-Dakota) now submits a REVISED Application for Permanent Authority to extend electric service to Andrew Johnson for a residence. This REVISED application replaces the Company's December 4, 2025 filing.

On September 3, 2025, Montana-Dakota filed an Application for Temporary Authority Permit to extend temporary electric service to a residence at a site located in Section 32, Township 138N, Range 86W in Morton County, ND. The temporary application was approved by the Commission on October 20, 2025. On October 28, 2025, Montana-Dakota filed an Application for Permanent Authority for the same location. While the maps and supporting documents correctly showed the location being in Section 02 the applications requested service at a site located in Section 32.

Montana-Dakota has corrected the reference to the appropriate section and now files a REVISED Application. As noted previously, all supporting documents were correct and have not been included in this revision.

Please contact me at 701.222.7855 or travis.jacobson@mdu.com with any questions regarding this filing.

Sincerely,

/s/ Travis R. Jacobson
