

KEM Electric Cooperative, Inc.
Linton, North Dakota

SCHEDULE IP-1

Industrial Power
Effective 01/01/2026

Availability

Available to all members requiring multi-phase electric service. Service capacity of 1000 kVa or greater. Service shall be to a single point of service.

Type of Service

Multi-Phase, 60 cycle, at secondary voltages. The Cooperative will provide meter, meter socket, and C.T. equipment necessary to measure electric usage.

Monthly Rate

Facility Charge:	\$2200.00 per month
All Energy Charge:	\$0.0680 per kWh
Demand Charge:	\$22.83 per kW

Service at Primary Voltage

If service is furnished at primary distribution voltage, with the consumer owning and operating all transformers and other facilities on the load side of the primary delivery point, (except metering), the demand and energy components of the rate shall be discounted by 8%.

Determination of Billing Demand

The billing demand shall be the maximum average kilowatt load used by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by demand meter.

Minimum Charge

The minimum monthly charge shall be the Facility Charge, or such other minimum as may be established by contract.
