Mr. Jeremy Eckroth
Environmental Manager
Coyote Creek Mining Company, LLC
6502 17th St. SW
Zap, ND 58580
jeremy.eckroth@nacoal.com

Dear Mr. Eckroth:

The Reclamation Division has finished its review of Coyote Creek Mining Company's (CCMC) post-mine topographic changes, dated 12/05/2025, proposed with the pending Revision No. 14 application to Permit NACC-1302 and has no additional deficiency items. Revision No. 14 modifies the post-mine topography in portions of Sections 23, 24, 25, 26, and 36, T143N, R89W; Section 31, T143N, R88W; and Section 6, T142N, R88W.

Based on an email regarding grade approval COY-060 on May 12, 2026, CCMC has requested to use the post-mine topographic changes proposed in Revision No. 14 to Permit NACC-1302 for grade approval requests. CCMC's request to use the proposed post-mine topography in Revision No. 14 for grade approval requests is approved. Grade approval requests granted in these areas will be contingent upon the approval of pending Revision No. 14. CCMC will be responsible for ensuring that post-mining topography in the conditionally approved areas conforms to the approved Revision No. 14 post-mine topography.

Please contact us with any questions.

Sincerely,

Jonathan Emmer
