

**STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION**

**Montana-Dakota Utilities Co.
Renewable Resource Cost Recovery
Rates**

Case No. PU-25-279

NOTICE OF OPPORTUNITY FOR HEARING

On October 31, 2025, Montana-Dakota Utilities Co. (MDU) filed a change to its Renewable Resource Cost Adjustment (RRCA) rates. The new rates reflect projected costs through December 31, 2026, related to its investment in the Thunder Spirit, Cedar Hills, Diamond Willow and Badger Wind Projects. The total costs to be recovered through the proposed rates represent an increase of \$25,332,090 or 139% from the current RRCA. Most of this increase is due to the addition of Badger Wind.

A residential customer using 800 kWh a month would see a \$9.98 monthly billing increase.

The issues to be considered in this proceeding are:

1. Whether the investment and associated costs for the resources qualify for recovery,
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of MDU's tariff?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by January 2, 2026.** If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.
