Re: Basin Electric Power Cooperative
Wheelock to Saskatchewan 230-kV Transmission Line
Certificate of Corridor Compatibility and Route Permit Application

and

Basin Electric Power Cooperative
Tande to Saskatchewan 230-kV Transmission Line
Certificate of Corridor Compatibility and Route Permit Application

Dear Mr. Kahl:

Enclosed please find an original and seven (7) copies of the Consolidated Certificate of Corridor Compatibility and Route Permit Applications for Basin Electric Power Cooperative's (Basin Electric) Wheelock to Saskatchewan 230-kV Transmission Line and for Basin Electric's Tande to Saskatchewan 230-kV Transmission Line, collectively known as the Wheelock and Tande to Saskatchewan 230-kV Transmission Lines Project.

Due to the similar questions of law and facts involved with the two applications, Basin Electric requests that the Commission consolidate the cases for hearing under North Dakota Administrative Code § 69-02-04-04. Consolidating the cases for hearing will not prejudice the rights of the parties or the public interest.

A USB flash drive containing the applications in electronic format, corresponding GIS data, and black and white newspaper map has been included. A combined check for the application fee of \$100,000 and the administrative fees of \$35,600 has also been included.

For inquiries regarding the application, please contact me at rking@bepc.com or at (701) 557-5558 with copy to Ms. Maggie Olson, Senior Staff Counsel, at molson@bepc.com or at (701) 557-5719. If preferable, correspondence can be sent to our physical address of 1717 East Interstate Avenue, Bismarck, ND 58503.
