NOTICE OF FILINGS AND NOTICE OF CONSOLIDATED PUBLIC HEARING

A Consolidated Public Hearing on the applications in Case Nos. PU-25-304 and PU-25-305 is scheduled for May 18, 2026, at 10:00 a.m. Central Time at the Glen Ullin City Auditorium, 119 Main Street North, Glen Ullin, ND 58631.

On December 30, 2025, in Case No. PU-25-304, Minnesota Power filed an application for a Certificate of Site Compatibility to construct an up-to 202.5 MW Longspur Wind Project consisting of up to 45 wind turbine generators and associated facilities in Morton County, North Dakota, as shown on the attached map.

Also on December 30, 2025, in Case No. PU-25-305, Minnesota Power filed a combined application for a corridor certificate and route permit to construct an approximately 2.5 mile-long 230 kV electric transmission line and associated facilities in Morton and Mercer Counties, North Dakota, extending from the proposed Longspur Wind Project to Minnesota Power's Tri-County Substation in Mercer County, North Dakota, as shown on the attached map.

The issues to be considered in this proceeding are:

1. Will the location and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?

3. Will the proposed facilities' locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
