**Re: Fuel and Purchased Power Adjustment  
Case No. PU-26-010  
August 2026**

Montana-Dakota Utilities Co. (Montana-Dakota) herewith electronically submits its Fuel and Purchased Power (F&PP) Adjustment to the North Dakota Public Service Commission (Commission) pursuant to the terms of the Rate 58 tariff.

Exhibit A, page 1 summarizes the proposed F&PP Adjustment calculated pursuant to the terms of Rate 58 that will apply during the month of August 2026. Pages 2 through 4 show the calculation of the adjustment which is based on a four-month historical average cost of fuel and purchased power.

The net effect of this F&PP Adjustment for primary and secondary service customers compared to the currently effective rates is shown below. The per unit decrease was largely due to lower purchased power costs because of annual Auction Revenue Rights in the Southwest Power Pool (SPP) energy market.

|                               | \$ per kWh  |             |
|-------------------------------|-------------|-------------|
|                               | Primary     | Secondary   |
| F&PP Effective August 1, 2026 | \$0.01195   | \$0.01247   |
| F&PP Effective July 1, 2026   | 0.01493     | 0.01549     |
| Change                        | (\$0.00298) | (\$0.00302) |

The current and historical Fuel and Purchased Power Adjustment for primary and secondary service customers can be found by selecting the Fuel and Purchased Power Adjustment link at <https://www.montana-dakota.com/rates-services/rates-tariffs>.

All of Montana-Dakota's retail electric customers in North Dakota may be affected by this proposal. There were 95,000 electric customers in North Dakota as of June 30, 2026.

In response to Paragraph No. 11 of NDAC Section 69-09-02-39, Montana-Dakota purchases natural gas used for electric generation from its own gas operations or transports natural gas purchased from others under the applicable gas tariff approved and on file with the Commission in the state where the purchase is made or the transportation occurs. Montana-Dakota also has an agreement with its own gas operations associated with the pipeline utilized to transport firm natural gas service to the Heskett Generating Station pursuant to the order in Case Nos. PU-14-108 and PU-14-109.

If you have any questions regarding this filing, please contact me at (701) 954-9072 or [tyler.culbertson@mdu.com](mailto:tyler.culbertson@mdu.com).

Sincerely,

*/s/ Tyler J Culbertson*
