**RE: Tariff Revision – Fidium Enterprise Services, LLC – North Dakota P.S.C. No. 1
Warm Line Withdrawal**

Dear Mr. Kahl:

Enclosed for filing, Fidium Enterprise Services, LLC hereby submits the following tariff pages to become effective on July 30, 2026.

Section 4, Page No. 11, Third Revised
Section 4, Page No. 25, Second Revised
Section 4, Page No. 29, Second Revised

The purpose of this filing is to withdraw the Warm Line service. The equipment supporting this service is outdated and cannot be reasonably maintained. As a result, it is not technically feasible to continue providing this service. The one customer that currently has this service on their account will be notified that this service will no longer be available July 30, 2026. The monthly charge for the service, if applicable, will be removed from the customer's account at that time.

A copy of the bill message is attached and will be placed on applicable customer June and July bills.

Please contact me at the number above or at Robert.Russell@fidium.com or Carrie Patterson at carrie.patterson@fidium.com with any questions or concerns regarding this filing.

Thank you for your assistance in this matter.

Sincerely,

/s/Robert F. Russell

4.9 CENTREX SERVICE (Cont'd)

4.9.2 Definitions (Cont'd)

- P. Directed Call Pick-Up - Enables a station user to answer a call that is ringing at another station within the Centrex group by dialing an access code and the ringing station number.
- Q. Call Waiting - Provides a burst of tone to inform a station user with a call already in progress that another call is waiting to be answered. The station user may answer the waiting call by hanging up or flashing the switchhook.
- R. Cancel Call Waiting - Allows a station user, on a per call basis, to deactivate Call Waiting by dialing an access code.
- S. Voice/Data Protection - Allows a station user to inhibit intrusion features such as Call Waiting and Operator Verification which are directed to that line when it is busy.
- T. Do Not Disturb - Allows a station user to prevent incoming calls from ringing at his/her station by diverting them to a tone or recorded announcement. This feature can be offered with a personal Identification Number (PIN) override option that selected callers can dial to override Do Not Disturb.
- U. Speed Calling 8-Code - Enables a station user to call a list of up to 8 preselected directory numbers by dialing one-digit codes instead of the directory numbers.
- V. Speed Calling 30-Code - Enables a station user to call a list of up to 30 preselected directory numbers by dialing two-digit codes instead of the directory numbers.
- W. Hot Line Service - Allows a station user to automatically place a call to a preselected directory number by lifting the receiver off the switchhook. No dialing is required for the calling party to reach the specified destination.
- X. Manual Line Service - Automatically places a call to the operator when the station user lifts the receiver off the switchhook.
- Y. Reserved for Future Use
