Dear Mr. Johnson:

Harmony Storage, LLC ("Harmony Storage") provides this update relating to its Application for a Certificate of Site Compatibility for the Harmony Storage Project ("Project") (filed on July 10, 2026). On July 21, 2026, the Harmony Township Board of Supervisors approved an amendment to its zoning ordinance making a battery energy storage system associated with an already-authorized use a permitted use in the Agricultural District. Accordingly, the Project, which is associated with the already-permitted Harmony Solar Project, is authorized in Harmony Township as a permitted use.
