Montana-Dakota Utilities Co.
Renewable Resource Cost Recovery Rates

Case No. PU-26-331

NOTICE OF OPPORTUNITY FOR HEARING

On October 30, 2026, Montana-Dakota Utilities Co. (MDU) filed a change to its Renewable Resource Recovery (RRR) rates. The new rates reflect projected costs through December 31, 2027, related to its investment in the Thunder Spirit, Cedar Hills, Diamond Willow and Badger Wind Projects. The total costs to be recovered through the proposed rates represent an increase of $2,485,427 or 5.7% from the current RRR.

The effect of the rate change on the bill of a residential customer using 800 kWh is an increase of $0.47 per month compared to the existing GRR rate.

The issues to be considered in this proceeding are:

1. Whether the investment and associated costs for the resources qualify for recovery?

2. Whether the incurred costs are reasonable and prudent?

3. Whether the rate adjustments are consistent with the terms of MDU's tariff?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by December 30, 2026.** If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.

Issued: November 18, 2026
