Prairie Winds ND 1 Project - Ward County
Siting Application**

Case No. PU-26-164

NOTICE OF FILING AND NOTICE OF PUBLIC HEARING

A Public Hearing on the application in Case No. PU-26-164 is scheduled for August 20, 2026, at 9:00 a.m. Central Time at the Sleep Inn & Suites Conference Center and Water Park, 2400 10th Street SW, Minot, ND 58701.

On August 12, 2009, the Commission issued its Findings of Fact, Conclusion of Law and Order in Case No. PU-08-75, granting Certificate of Site Compatibility No. 14 for Basin Electric Power Cooperative (Basin) to construct a wind facility comprised of 77 turbines with a capacity of up to 115.5 megawatts (MW).

On May 1, 2026, Basin filed an application with the Public Service Commission for a siting application to amend the 2009 Order and Certificate to remove the 1.5 MW per turbine and the 115.5 MW facility restrictions. Basin proposes to remove the existing turbines and upgrade them to 1.6 MW turbines with a total facility capacity of up to 128 MWs. The project will not affect the layout or expand the site boundary. The project is located in Ward County approximately 24 miles due south of Minot, ND and is shown on the attached map.

The issues to be considered in this proceeding are:

1. Will the construction, operation, and maintenance of the proposed facility at the proposed location produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?
3. Will the construction, operation, and maintenance of the proposed facility at the proposed location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
